You could be awarded £15,000* towards research in your STEM field.

APPLY NOW

The L’ORÉAL-UNESCO UK and Ireland For Women in Science Programme celebrates, enhances and enables the contribution of women to scientific research. Since 2007, we have awarded 62 female post-doctoral researchers in the UK and Ireland grants to advance their careers and facilitate world class research.

We’re now seeking five exceptional female scientists looking to advance their research.

The Rising Talent Awards recognises research in the fields of physical science; engineering; mathematics and computing; life science and sustainable sciences. We welcome applications in all the above areas.

Candidates must have completed their PhD and have started in their postdoctoral research position by the application deadline. Applicants must have a confirmed contract with a University or Research institute within the UK and Ireland for the entire 12-month period of the grant agreement. All citizens’ can apply but must be residing within the UK or Ireland at the time of application.

Please visit our website for full terms and conditions.

Applications close May 31, 2021

THE WORLD NEEDS SCIENCE, SCIENCE NEEDS WOMEN
